*President***FIRST****ANNUAL REPORT OF THE COUNCIL**

OF

THE INSTITUTE OF COST AND WORKS ACCOUNTANTS OF INDIA

[Issued pursuant to Section 18(5) of the Cost and Works Accountants Act, 1959]

The Council of the Institute of Cost and Works Accountants of India has pleasure in submitting, in terms of Section 18(5) of the Cost and Works Accountants Act, 1959, the Report along with the audited Accounts of the Council for the period commencing from the date of the Institute coming into being viz., 28th May 1959, and ending with 31st March 1960.

INTRODUCTION

The Institute of Cost and Works Accountants of India was established under an Act of Parliament (23 of 1959), passed for the purpose of taking over an existing institution, viz., The Institute of Cost and Works Accountants, a private organisation operating under the Companies Act, since 1944. On the passing of the Cost and Works Accountants Bill, 1959, sponsored by Government, the Institute was formally established on 28th May 1959 by a Gazette notification by Central Government in pursuance of Sub-section (3) of Section 1 of the Cost and Works Accountants Act, 1959.

The statutory recognition of the Institute then functioning and of the profession of Cost and Works Accountants in India can be said to be principally due to the excellent performance in the past of the Cost Accountants in the field of industrial management. The usefulness of their services was recognised more and more by industries and Government and eventually it was found necessary to give the profession a statutory recognition. As the preamble to the Act indicates, the purpose of the statute is to make provision for the regulation of the profession of Cost and Works Accountants.

THE DISSOLVED INSTITUTE

In terms of Section 30, the Institute of Cost and Works Accountants, limited by Guarantee and established in 1944, was taken over by the Council as from 28th May 1959. Under Section 31 of the Act the assets and liabilities of the dissolved Institute stand vested in the new Institute and in pursuance of Section 32 of the Act, the entire staff of the old Institute have also been taken over.

The Council desires to place on record its appreciation of the services rendered to the profession by the successive Councils and office-bearers of the dissolved Institute and also of the excellent standard of development attained by them in the matter of promoting cost consciousness and extension of the techniques of the profession. The Council cannot express its gratitude too adequately in this context. It recognises that the formation of the new statutory Institute marks the fruition of the sustained efforts of the successive Councils of the dissolved Institute.

Apart from an enormous fund of goodwill and other intangible values inherited from the dissolved Institute, assets valuing over Rs. 10,45,000 in the shape of property, furniture, equipments, library, bank deposits etc. have been received by the new Institute on transfer.

SECRETARY

The Council appointed, under Section 16 of the Act, Shri S. N. Ghose, B.Sc., A.C.W.A., as Secretary of the Institute. Shri Ghose was associated with the former Institute in various capacities and was its Secretary on the date of transfer. To assist him have been appointed three Assistant Secretaries, Sarvashri N. N. Mukherjee, B. C. Chakrabarti and N. K. Raman, also employed by the former Institute.

MEMBERSHIP

The following is a table showing the membership of the Institute as on 31st March 1960.

At the end of the review period there were 36 applications for membership awaiting consideration by the Council out of which 18 have since been enrolled. There are 350 Registered Students who had passed the qualifying examination but had not either applied for membership or were not considered qualified for membership for lack of experience.

For purposes of clauses (ii), (iv) and (v) of sub-section 1 of Section 4 of the Act, the Council has prescribed that an applicant, who applies for membership of the Institute, shall in addition to passing the qualifying examinations, produce evidence to the satisfaction of the Council that he on the date of his application has acquired practical experience in costing for a period of not less than three years covering different aspects of costing or industrial accounting in responsible position.

In exercise of the powers conferred by Sections 4(1) (iv) and 4(1)(v), the Council has also decided to recognise the Final Examination of the Institute of Cost and Works Accountants, London, as equivalent to that of this Institute for the purpose of admission to membership of this Institute. The Council has enrolled 15 members under these provisions subsequent to 31st March 1960.

In regard to Section 4(1)(iii), the Council is seized with the problem of prescribing conditions for enrolment as members of this Institute for persons who at the commencement of the Act were engaged in the practice of Cos Accountancy in India and expect to finalise them in the near future.

REGISTRATION OF STUDENTS

On the date of commencement of the Act the number of students on the Register of the dissolved Institute was 11,024 and to this was added 2,444 during the period under review, leaving an aggregate of 13,468 on the Students Register of the Institute as at 31st March 1960. This number has since gone up to 31,667.

EXAMINATION

While examinations under the old syllabus were held as usual in July 1959 and January 1960, those under the new syllabus were held for the first time in January 1960. Management Accountancy examination was also held for the first time in January 1960. The total number of candidates who appeared at the various examinations and the number passed are tabulated below:

During the period under review examination centres were opened at Bangalore, Lucknow, Nangal and Jamshedpur in addition to the existing ones at Calcutta, Bombay, Delhi, Madras, Poona, Waltair, Ahmedabad, Hyderabad and Gauhati.

The low percentage of passes in recent examinations of the Institute has been a matter of great concern to the Council. The fall in the percentage of passes is apparently the effect of introduction of new syllabus in January 1960 which seems to have prompted many students to take chances under the old syllabus without adequate preparation. The Council nevertheless feels very much perturbed over this and is actively engaged in studying how best adequate facilities can be provided to the candidates to assist them in preparing for their examinations to achieve better results.

As one of the measures to be adopted by the Council for providing facilities for the examinees, at least 10 Chapters are being immediately established at outlying places where adequate number of students and members are concentrated. Facilities for Library and Reading Rooms will be made available at these Centres, lectures and classes will be organised, and roving lecturers will be sent. These Chapters will be under the guidance and supervision of the Regional Councils and the cost of running them will be financed by the local Members and Students and the Central Council. The number of these centres will, it is hoped, increase gradually in accordance with the needs of different areas.

REGIONAL COUNCILS

In pursuance of Section 23 of the Act and Clause 114 of the Regulations, four Regional Councils were set up by the Central Council with their offices at Bombay, Madras, Calcutta and Delhi. These Regional Councils are continuing their usual activities, namely, holding of classes, lectures, film shows, discussions, etc. Libraries have also been set up in those places. In order to extend reading facilities, further grants have been sanctioned by the Central Council for purchase of books and equipments for Regional Councils.

MISCONDUCT AND PENALTY

The Council is happy to report that no action was called for under Section 21 nor under Section 24 of the Act.

PRACTICE BY COMPANIES

Although the Council has taken no action under Section 28 of the Act it would perhaps be necessary to take notice of information conveyed to the Council from time to time as to whether infringement of the provision of this section is taking place in the country.

GOVERNMENT DIRECTIVE AND RECIPROCITY

The Council is glad to report that it has not been found necessary for Government to exercise discretionary powers vested in it under Section 35. No action has yet been initiated for reciprocity contemplated under Section 38 of the Act.

REGULATIONS

It was found on practical working that the first Regulations framed by the Government needed certain amendments and steps have been taken in this direction.

The provision under Regulation 111 is under active consideration of the Council and it is hoped that adequate provision to define the extent of the limitation envisaged in this clause will soon be made.

FUNCTIONS OF THE COUNCIL

The Council is pleased to report that most of the functions indicated under Section 15 of the Act have been taken on hand and effective steps have been and are being taken to carry out the functions envisaged in the Act in their entirety.

ACCOUNTS AND AUDIT

In terms of Regulation 97, the Council appointed Shri S. N. Banerjee, Chartered Accountant, also a member of the Institute, as the first auditor who audited the accounts for the period under review. The audited accounts are appended hereto.

The accounts show a surplus of income over expenditure amounting to Rs. 59,185.28 which has been transferred to the Institute Fund.

The Council considers the financial position of the Institute satisfactory and sound.

LIBRARIES, READING ROOMS AND OFFICES

The Institute has been providing Library and Reading Room facilities to students and members at the Headquarters as well as at Regional centres. Owing to lack of accommodation in the existing building, these facilities at the Headquarters could not be further extended to the desired extent.

CONVOCATION

The last Annual Convocation of the Institute was held at Calcutta on 30th December 1959 which was addressed by Shri Nityanand Kanungo, Union Minister of Commerce.

At this Convocation certificates were conferred on 432 students, who successfully took the Intermediate and Final Examinations in January and July 1959, Medals and book prizes were also awarded to students who showed special merits.

CONFERENCE

The Fourth All-India Conference of Cost and Works Accountants was successfully held in Madras on 13th, 14th and 15th February 1960. Discussions on modern topics were at high level and members, students and delegates showed keen interest in the deliberations. Credit is due to the Southern Indian Regional Council which was responsible for organising this Conference and for arranging for the comforts of delegates coming from outside. The Council will hold a Conference on international level in 1962.

JOURNAL

In October 1959, the monthly Journal of the Institute completed its fourth year of service. Its circulation is on the increase. Technical and economic papers of high standard published in the Journal are appreciated by members and subscribers. The Council is thankful to the members and other writers for their continued support and co-operation in making this Journal useful to its readers.

In order that the efforts made by contributors to share their knowledge with others are compensated at least to some extent, the Council has decided to pay for the technical articles which are published in the Journal.

INSTITUTE BUILDING

The construction of a new building for the Institute Headquarters for housing its Library, Reading Room and offices and for providing an auditorium for holding lectures, seminars, conference, etc., is progressing satisfactorily. The new building will be a four-storeyed building with auditorium on the ground floor. Its first floor is expected to be ready for use by 30th June 1960. On completion of the construction, the old building, which is now in a dilapidated condition, will be demolished. Negotiation is also afoot for providing Regional Councils at Bombay and Madras with Institute's own buildings so as to be able to extend better facilities to the local members and students.

The Council is grateful to the Central Government for sanctioning a grant towards the building programme of the Institute.

PRACTICAL TRAINING OF GOVERNMENT EMPLOYEES

Reviewing the membership position of the Institute, it was observed that many persons employed in Government offices, who had passed the Final Examination of the Institute or of the dissolved Institute could not apply for membership for lack of practical experience in costing. On a recommendation having been made to the Central Government, the Council was assured that steps would be taken to transfer such employees wherever possible at their own request to Government Department or undertaking where there were appropriate facilities available.

SHORT TERM TRAINING COURSES

The responsibility undertaken by the Council of the dissolved Institute to impart short-term training to selected Government employees at different levels was taken over by the Council of the new Institute. The sixth batch of trainees completed their course in March 1960 and the training of the seventh batch commenced from 6th June 1960.

ADMINISTRATIVE COLLEGE OF ACCOUNTANTS IN INDUSTRY

Recognising that there is and there will continue to have increased shortage of accountants in industry at top and medium levels with the increase in the tempo of industrialisation, the Council has approved the idea of setting up an Administrative College at its headquarters. The Council considers this project capable of being suitably handled by the Council as Calcutta offers adequately appropriate facilities in that the Institute has spacious accommodation in its new building for teaching, library and

reading room for residence of trainees, and there are Universities, industries and research centres. Details of the scheme are being worked out and it is hoped to put it into operation from January 1961.

RESEARCH

A well thought out scheme for research and publication has been taken on hand and a division at the Headquarters has been set up under a Technical Officer. Seminars have been arranged for being held at four regional Centres. The Council is actively engaged in the task of making technical assistance available to industry at all levels.

MANAGEMENT ACCOUNTANCY

The Council has been making special efforts for management techniques being brought nearer management of industries and it is hoped by sustained efforts it will succeed in persuading industrial management to use modern methods implied in management accounting.

NATIONAL PRODUCTIVITY

The Council has close liaison with Government in this field. Three members represent the Institute on the Central and Zonal Councils. Three members of the Institute have been taken on a Productivity Team which Government is sending abroad on a Study Tour. This team will be led by a senior member of the Institute.

RELATIONSHIP WITH GOVERNMENT AND RECOGNITION OF THE PROFESSION

The Council has pleasure to inform the members that the Institute and the Council continue to maintain cordial relationship with the Central and State Governments. The Council notes with gratitude the increasing recognition that is being extended by the Government of India to the examinations and the membership of the Institute.

GENERAL

The Council is conscious of the fact that in the context of intensive industrialisation which has been taking place since the Second World War and which has been given a greater emphasis and impetus than ever before as shown in the plans of economic development of the country, it is not only a desirable but an essential need of the country

that a body of specialists competent to provide technical assistance in the field of Costing, Productivity and Management Accounting to industries at different levels should be brought into existence and their services made available to people who need them. The Council of the Institute is encouraged in the thought that over a period of time all right thinking men in the country will appreciate that the role of Cost Accountants is complimentary to and not competitive with that of Chartered Accountants. Perhaps there is scope for specialisation also in other directions which will go to accelerate industrial progress along right lines, such as, Quality Control, Personnel Management, Productivity, Production Engineering and the like. The Council fervently hopes that the Institutes of Chartered Accountants and of Cost Accountants would be able to find a common platform in many matters of common interest from which they can serve larger national interest, each in its own way and within its own specialised fields, so that both Chartered Accountants and Cost Accountants will have the privilege of being contributors to the economic well-being of the people of India whom both of them profess to serve.

The Council desires to express its appreciation of the valuable co-operation and assistance rendered in its task by the Secretary and other members of the staff of the Institute.

AUDITORS' REPORT

We have audited the Balance Sheet as at 31st March 1960, of the Institute of Cost and Works Accountants of India and also the annexed Income and Expenditure Account for the period ended on that date and report that:

(1) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
